

Exploring books

We're going on a bear hunt!

Go on a bear hunt in your local woodlands. Search for bears and build yourselves a den or bear cave for the lonely bear.

Make up your own stories

Encourage your child to make up their own stories, you could retell them using small world toys such as animals or people.

Talk to them about what might happen next and about how the characters are going to solve a problem.

Explore some non-fiction texts with your children.

You could read the newspaper and talk about what

you can see and what is happening around us.

Explore non-fiction books about their

interests or even magazine about real life things.

Whilst your reading ..talk!

Encourage your child to stop and talk about what they are reading.

Support them in making links to their own experiences and talk about the characters and where the story is taking place. Ask them to think about their favourite part of the story and why?
