

# Exploring Summer

Talk to a grownup about how to stay safe in the sun.

Draw a picture about where you would like to go on holiday.

It could be real or imaginary!

Explore shadows.

Look at your shadows outside.

Is it as big as you or smaller?

What happens when you move?

What is making your shadow?

Draw round your shadow with chalk and have a look what shape it leaves

Explore ice!

Make some ice at home and explore in a variety of ways, from drinking it in juice to adding it to your paddling pool!
